

Environment Report 19 September 2018 by Jerry Ozaniec

Transport and Environment Committee Activity and Decisions

The committee met on 9 August 2018.

- Note that a report concerning the Water of Leith – Improvement Proposals (Dean to Stockbridge Section) was not presented and has been delayed until October.
- The design and consultation has been carried out for proposed pedestrian crossing improvements at East Fettes Avenue. Detailed design taking into account the results of the consultation will now be carried out.
