

Environment & T Report 17 April 2019 by Jerry Ozaniec

Notices and general information

1. The Water of Leith clean-up for the Stockbridge section has been scheduled for Sunday, 2nd June from 10.30 AM to 12.30 PM. Volunteers should meet at Falshaw Bridge. The leader from the Water of Leith Conservation Trust will be Helen Brown and will provide all the equipment and organise the pick up from the Council's task force.

2. We have had a request from the Living Streets Edinburgh Group (LSEG) to contribute to their campaign to further reduce pavement clutter building on the 'A-board ban' recently introduced by the Council. They ask us to
 - Identify particular problems with pavement clutter in our area, especially 'fixed clutter';
 - Optionally join them in a walk around any streets or areas we suggest, to help identify specific items that should be cleared from the pavement.

If this is something we would be interested in contributing to, they ask us to respond by email (edinburghgroup@livingstreets.org.uk), suggesting the areas we feel are a problem, and they will get back to us.

Transport, Infrastructure and Environment Committee Activity and Decisions

The committee has not met since our last meeting, on 20 March 2019, so there are no decisions to report
