

Environment & Transport Report 18 September 2019 by Jerry Ozaniec

Transport, Infrastructure and Environment Committee Activity and Decisions

Since our last meeting the Transport and Environment Committee has met twice, on 20 June & 12 September 2019. Full documents are available for the former but only the agenda for the latter.

1. The feasibility study concerning the ‘Water of Leith Valley Improvement Proposals (Dean to Stockbridge Section)’ is yet to be completed with no definite date of expected completion!
2. A report about the ‘Public Spaces Protocol’ (which affects Inverleith Park) is due in December. It was recommended that the committee approve the re-procurement of existing contracts for events in Inverleith Park for the period 2020 – 2022.
