

Environment & Transport Report 19 February 2020 by Jerry Ozaniec

**Transport, Infrastructure, and Environment Committee Activity and Decisions**

Since our last meeting the Transport and Environment Committee met on 16 January 2020. The next meeting will be on 27 February 2020.

Minutes for the Transport and Environment Committee meetings of 5 Dec 2019 and 16 Jan 2020 were not available at the time of writing. I have queried why this is with both the Convener (Councillor Lesley Macinnes) & Vice-Convener (Councillor Karen Doran) of the committee.

**Notes**

News from the government concerning AirBnB. <https://news.gov.scot/news/regulating-short-term-lets>

The annual clean-up of the Water of Leith in Stockbridge has been proposed for the morning of 24 May 2020.

**Traffic Disruptions**

There is likely to be a shuttle bus (the “Stockbridge Shuttle”) which will be run by SGN (Scottish Gas Network), possibly starting Tuesday (18/2), and running Tuesdays to Saturdays, 0830 to 1730. The SGN website (<https://www.sgn.co.uk/our-gas-works/major-planned-projects/raeburn-place-area-edinburgh>) has not yet been updated at the time of writing but is likely to be soon.

Road	Location	Details	Start Time	End Time
